- Please contact us to discuss the best class for you or your child before attending. This is based on a number of factors, such as age, month of birthday, experience, and current class size.
- Please note, in the event of needing to return to restrictions (similar to those imposed during Covid-19) or online session, classes of an hour or more in length may be reduced slightly to reduce mixing (in person) and aid concentration (online).
- We tend to keep our groups together as they get older, rather than move students into the above times.
